### Member of Research Projects

- **Progetto In corso - UniTo (ongoing)**

- Principal investigator Prof. Dr. Roberto Cavallo Perin.
- Entities supporting the project: CSI Piemonte, University of Turin.
- Research topics: digitization of public administration; use of algorithms in public administration decision-making processes; machine learning; data quality processes; data analysis; anonymization of public data.

- **Laboratorio sentenze - UniTO (ongoing)**

- Principal investigator Prof. Dr. Roberto Cavallo Perin.
- Entities supporting the project: CSI Piemonte, Department of Law University of Turin.
- Research topics: generative artificial intelligence applied to legal texts and rulings.

- **TuTeLa -Turin Tech & Law: a Lab for Social Good - Hub:1 Institutions and Justice**

- Scientific Coordinator: Prof. Dr. Enrico Marella
- The aim of the TuTeLa project is to contribute to bridging the gap in access to justice using legal tech tools. TuTeLa aims to influence the field of legal tech by enhancing its ethical potential and adopting a 'law-by-design' theoretical approach. An important outcome of the TuTeLa project will be the creation of a research centre (the LAB) based in Turin, at the Law Department of UniTo, with the aim of establishing TuTeLa as a reference pole for actors using legal tech tools with social justice objectives in the European Union.

Muenster, April, September 11<sup>th</sup> 2025.
