

Conference Topic

The conference aims to discuss the question of how to deal with intergenerational problems in a way that is fair to all generations. It reflects on the status quo in different constitutional orders, as well as the possibilities and requirements, when designing future-proof public law.

Young scholars are the future. Therefore, the conference focusses on their thoughts on the future orientation of public law. In addition, all contributions include either a comparative or an international perspective.

Dr. Nicole Hövelmeyer, LL.M.

Dr. Nicholas Otto

Prof. Dr. Gernot Sydow, M.A.
